Subject index

A

Abstracts

Abstracts. 1987;91:85; 172-6; 266; 354-6; 445-6; 518-21

Adenoid

Craniofacial skeleton of 7-year-old children with enlarged adenoids (Tarvonen and Koski). 1987;91:300-4

Adult

Periodontal status of mandibular incisors following excessive proclination: a study in adults with surgically treated mandibular prognathism (Ärtun and Krogstad). 1987;91:225-32

Advancement surgery

Lateral pterygoid muscle activity in mandibular retrognathism and response to mandibular advancement surgery (Harper et al). 1987;91:70-6 (Special article)

Airway

The nasal airway following maxillary expansion (Warren et al). 1987;91:111-6

Alveolar bone

Orthodontic relapse, apical root resorption, and crestal alveolar bone levels (Sharpe et al). 1987;91:252-8 (Special article)

American Association of Orthodontists

Directory: AAO officers and organizations. 1987;91:90; 180; 270; 360; 450; 524
Preliminary program of eighty-seventh annual session, May 10-13, 1987. 1987;91:152-68

American Board of Orthodontics

The American Board of Orthodontics announces revision in certification requirements beginning Jan. 1, 1988 (Brader). 1987;91:259-62
Directory of officers. 1987;91:90; 180; 270; 360; 450; 524
"Mr. ABO," Dr. Earl E. Shepard—a special tribute. 1987;91:346-7

Angulation

Effect of maxillary incisor angulation and inclination on arch length (Hussels and Nanda). 1987;91:233-9

Anomaly

Normal radiographic anatomy and common anomalies seen in cephalometric films (Kantor and Norton). 1987;91:414-26 (Rev. article)

Antegonial notch

The depth of the mandibular antegonial notch as an indicator of mandibular growth potential (Singer et al). 1987;91:117-24

Anterior overbite

Correction of deep anterior overbite: a report of three cases (Lewis). 1987;91:342-5 (Case rep.)

Anterior teeth

Location of the centers of resistance for anterior teeth during retraction using the laser reflection technique (Vanden Bulcke et al). 1987;91:375-84

January, pp. 1-90; February, pp. 91-180; March, pp. 181-270; April, pp. 271-360; May, pp. 361-450; June, pp. 451-536.

Apical root

Orthodontic relapse, apical root resorption, and crestal alveolar bone levels (Sharpe et al). 1987;91:252-8 (Special article)

Appliance

An evaluation of combination second molar extraction and functional appliance therapy (Whitney and Sinclair). 1987;91:183-92

The maxillary sagittal appliance: a clinical study (Owen AH). 1987;91:271-85 (Clin. corner)

A study in human subjects using a new device designed to mimic the protrusive functional appliances used previously in monkeys (DeVincenzo et al). 1987;91:213-24

Arch

Effect of maxillary incisor angulation and inclination on arch length (Hussels and Nanda). 1987;91:233-9

Arch wire

Effects of brackets and ties on stiffness of an arch wire (Adams et al). 1987;91:131-6

Articular capsule

Critical periods in the prenatal morphogenesis of the human lateral pterygoid muscle, the mandibular condyle, the articular disk, and medial articular capsule (Van der Linden et al). 1987;91:22-8

Articular disk

Critical periods in the prenatal morphogenesis of the human lateral pterygoid muscle, the mandibular condyle, the articular disk, and medial articular capsule (Van der Linden et al). 1987;91:22-8

B

Behavioral self-management

Effects of behavioral self-management on oral hygiene adherence among orthodontic patients (McGlynn et al). 1987;91:15-21

Birth rate

Baby booms, birth dearths, fertility rates, and risky demographic predictions (Dewel). 1987;91:181-2 (Guest editorial)

Bond

Bond strengths of lingual orthodontic brackets bonded with light-cured composite resins cured by transillumination (King et al). 1987;91:312-5

The reaction of skin to primers used in the single-step bonding system (Altuna and Freeman). 1987;91:105-10

Bone

Orthodontic relapse, apical root resorption, and crestal alveolar bone levels (Sharpe et al). 1987;91:252-8 (Special article)

Book reviews

Book reviews. 1987;91:83-5; 171; 265-6; 514-17

Brackets

Bond strengths of lingual orthodontic brackets bonded with light-cured composite resins cured by transillumination (King et al). 1987;91:312-5

Effects of brackets and ties on stiffness of an arch wire (Adams et al). 1987;91:131-6

Breathing

- Changes in lip pressure following extension and flexion of the head and at changed mode of breathing (Hellsing and L'Estrange). 1987;91:286-94

C

Case reports

- Case reports. 1987;91:62-9; 137-42; 242-51; 335-45; 427-37

Cephalometrics

- Cephalometric superimposition on the cranial base: a review and a comparison of four methods (Ghafari et al). 1987;91:403-13 (Rev. article)
- Displacement of the glenoid fossa: a cephalometric evaluation of growth during treatment (Agronin and Kokich). 1987;91:42-8
- Landmark identification in computerized posteroanterior cephalometrics (El-Mangoury et al). 1987;91:57-61
- Normal radiographic anatomy and common anomalies seen in cephalometric films (Kantor and Norton). 1987;91:414-26 (Rev. article)
- Repeated measures analysis of geometrically constructed and directly determined cephalometric points (Savage et al). 1987;91:295-9

Class I malocclusion

- An American Board of Orthodontics case report (Broadbent). 1987;91:62-9 (Case rep.)

Class II, Division 1 malocclusion

- An American Board of Orthodontics case report (Pair). 1987;91:137-42

Clinicians' corner

- Clinicians' corner. 1987;91:3-14; 240-1; 271-85; 361-74

Composite resins

- Bond strengths of lingual orthodontic brackets bonded with light-cured composite resins cured by transillumination (King et al). 1987;91:312-5

Computer

- Landmark identification in computerized posteroanterior cephalometrics (El-Mangoury et al). 1987;91:57-61

Condyle

- Critical periods in the prenatal morphogenesis of the human lateral pterygoid muscle, the mandibular condyle, the articular disk, and medial articular capsule (Van der Linden et al). 1987;91:22-8
- Relationship of mandibular condylar position to dental occlusion factors in an asymptomatic population (Pullinger et al). 1987;91:200-6

Correspondence; See Letters to the editor**Cranial base**

- Cephalometric superimposition on the cranial base: a review and a comparison of four methods (Ghafari et al). 1987;91:403-13 (Rev. article)

Cranial suture cells

- Effect of tensile force magnitude on release of cranial suture cells into S phase (Hickory and Nanda). 1987;91:328-34

Craniofacial complex

- Biomechanical effects of maxillary protraction on the craniofacial complex (Hata et al). 1987;91:305-11
- Craniofacial skeleton of 7-year-old children with enlarged adenoids (Tarvonen and Koski). 1987;91:300-4

D

Deformity

- A diagnostic adjunct in treatment planning for the dentofacial deformity patient (Carlotti and George). 1987;91:451-62

Demographics

- Baby booms, birth dearths, fertility rates, and risky demographic predictions (Dewel). 1987;91:181-2 (Guest editorial)

Dentist/orthodontist ratio

- Implications of the dentist/orthodontist ratio (Okun). 1987;91:169-70 (Guest editorial)

Dentofacial deformity

- A diagnostic adjunct in treatment planning for the dentofacial deformity patient (Carlotti and George). 1987;91:451-62

Dermatitis

- The reaction of skin to primers used in the single-step bonding system (Altuna and Freeman). 1987;91:105-10

Dewel Clinical Award

- Drs. Alexander, Sinclair, and Goates receive Dewel Clinical Award. 1987;91:507

Diagnosis

- A diagnostic adjunct in treatment planning for the dentofacial deformity patient (Carlotti and George). 1987;91:451-62

Diagram analysis

- Modified use of the Moorrees mesh diagram analysis (Ghafari). 1987;91:574-82

Disk

- Critical periods in the prenatal morphogenesis of the human lateral pterygoid muscle, the mandibular condyle, the articular disk, and medial articular capsule (Van der Linden et al). 1987;91:22-8

Displacement

- Displacement of the glenoid fossa: a cephalometric evaluation of growth during treatment (Agronin and Kokich). 1987;91:42-8

E

Ectopic eruption

- Radiographic examination of ectopically erupting maxillary canines (Ericson and Kurol). 1987;91:483-92

Editorials; see Guest editorials**Electromagnetic fields**

- Effect of pulsed electromagnetic fields on orthodontic tooth movement (Stark and Sinclair). 1987;91:91-104

Eruption

- A deviate eruption pattern (Lehman). 1987;91:427-8 (Case rep.)
- Radiographic examination of ectopically erupting maxillary canines (Ericson and Kurol). 1987;91:483-92

Extension

- Changes in lip pressure following extension and flexion of the head and at changed mode of breathing (Hellsing and L'Estrange). 1987;91:286-94

Extraction

- An evaluation of combination second molar extraction and functional appliance therapy (Whitney and Sinclair). 1987;91:183-92

F

Fertility rate

- Baby booms, birth dearths, fertility rates, and risky demographic predictions (Dewel). 1987;91:181-2 (Guest editorial)

Flexion

- Changes in lip pressure following extension and flexion of the head and at changed mode of breathing (Hellsing and L'Estrange). 1987;91:286-94

Force

- Effect of tensile force magnitude on release of cranial suture cells into S phase (Hickory and Nanda). 1987;91:328-34

Frictional changes in force values caused by saliva substitution (Baker et al). 1987;91:316-20

Fossa

Displacement of the glenoid fossa: a cephalometric evaluation of growth during treatment (Agronin and Kokich). 1987;91:42-8

Friction

Frictional changes in force values caused by saliva substitution (Baker et al). 1987;91:316-20

Functional appliance

An evaluation of combination second molar extraction and functional appliance therapy (Whitney and Sinclair). 1987;91:183-92

A study in human subjects using a new device designed to mimic the protrusive functional appliances used previously in monkeys (DeVincenzo et al). 1987;91:213-24

G

Glenoid fossa

Displacement of the glenoid fossa: a cephalometric evaluation of growth during treatment (Agronin and Kokich). 1987;91:42-8

Graduation message

Graduation message to the Class of '86 (Nieberg). 1987;91:77-9 (Historical vignettes)

Growth

The depth of the mandibular antegonial notch as an indicator of mandibular growth potential (Singer et al). 1987;91:117-24

Displacement of the glenoid fossa: a cephalometric evaluation of growth during treatment (Agronin and Kokich). 1987;91:42-8

Treatment with an orthopedic appliance system in relation to treatment intensity and growth periods (Malmgren et al). 1987;91:143-51 (Special article)

Guest editorials

Baby booms, birth dearths, fertility rates, and risky demographic predictions (Dewel). 1987;91:181-2

A crisis in orthodontics? (Rubin). 1987;91:508-9

The dodo bird, icemen, and us (Gross). 1987;91:1-2

Implications of the dentist/orthodontist ratio (Okun). 1987;91:169-70

The journal club (Turpin). 1987;91:348-9

Read the label before taking (Dougherty). 1987;91:442-4

H

Historical vignettes

Historical vignettes. 1987;91:77-9

Hygiene

Effects of behavioral self-management on oral hygiene adherence among orthodontic patients (McGlynn et al). 1987;91:15-21

I

Impaction

Surgical repositioning of impacted mandibular second molar teeth (Johnson and Quirk). 1987;91:242-51 (Case rep.)

In memoriam

Willis R. Brown. 1987;91:263

William H. Golden. 1987;91:263

John A. Green. 1987;91:263

Prescott E. Smith. 1987;91:263

Incisor

Effect of maxillary incisor angulation and inclination on arch length (Hussels and Nanda). 1987;91:233-9

Periodontal status of mandibular incisors following excessive pro-

clination: a study in adults with surgically treated mandibular prognathism (Artun and Krogstad). 1987;91:225-32

Soft-tissue profile changes resulting from retraction of maxillary incisors (Tallack et al). 1987;91:385-94

Structural changes in the dental and periodontal tissues of the rat incisor following application of orthodontic loads (Steigman et al). 1987;91:49-56

Inclination

Effect of maxillary incisor angulation and inclination on arch length (Hussels and Nanda). 1987;91:233-9

J

Joint

Orthodontic treatment in relation to symptoms attributed to dysfunction of the temporomandibular joint: a 10-year report of the University of Groningen study (Dibbets and van der Wee). 1987;91:193-9

Counterpoint: Preventing adverse effects on the temporomandibular joint through orthodontic treatment (Rinchuse). 1987;91:500-6 (Point and counterpoint)

Preventing adverse effects on the temporomandibular joint through orthodontic treatment (Wyatt). 1987;91:493-9 (Point and counterpoint)

Journal

The journal club (Turpin). 1987;91:348-9 (Guest editorial)

L

Landmark

Landmark identification in computerized posteroanterior cephalometrics (El-Mangoury et al). 1987;91:57-61

Laser reflection

Location of the centers of resistance for anterior teeth during retraction using the laser reflection technique (Vanden Bulcke et al). 1987;91:375-84

Lateral pterygoid muscle

Critical periods in the prenatal morphogenesis of the human lateral pterygoid muscle, the mandibular condyle, the articular disk, and medial articular capsule (Van der Linden et al). 1987;91:22-8

Lateral pterygoid muscle activity in mandibular retrognathism and response to mandibular advancement surgery (Harper et al). 1987;91:70-6 (Special article)

Letters to the editor

Adult orthodontics—an update (Carastro and Moshiri). 1987;91:81-2

Concerning decalcification and fluoride protection (Newman). 1987;91:510

Correction (Garton). 1987;91:352

Moment/force ratios (Hocevar) (Letter); (Kusy and Tulloch) (Letter reply). 1987;91:350-1

More on "Definition and Scope of Orthodontics" (Ghafari). 1987;91:513

More on sterilization (Marr). 1987;91:353

Orthodontic education (Jacobson). 1987;91:511-2

Re: A critique on orthodontic practice studies (Gottlieb) (Letter); (Waldman) (Letter reply). 1987;91:351-2

Re: Lower first premolar extraction: a viable alternative? (Sager and Quirk) 1987;91:80-1

Re: Report of the President of the American Board of Orthodontics to the Directors of the American Board, March 2, 1986 (Kuf-tinec; Payne). 1987;91:80

Re: Sterilization and disinfection (Schattner) (Letter); (Payne) (Letter reply). 1987;91:352-3

- On tax reform legislation (Donnelly). 1987;91:510
Title change (Pepe). 1987;91:352
- Light-cured composite resins**
Bond strengths of lingual orthodontic brackets bonded with light-cured composite resins cured by transillumination (King et al). 1987;91:312-5
- Lingual orthodontic brackets**
Bond strengths of lingual orthodontic brackets bonded with light-cured composite resins cured by transillumination (King et al). 1987;91:312-5
- Lip**
Changes in lip pressure following extension and flexion of the head and at changed mode of breathing (Hellsing and L'Estrange). 1987;91:286-94
- M**
- Malocclusion**
Orthopedic/orthodontic treatment of a Class I malocclusion with a Class III skeletal pattern and maxillary deficiency (Bond). 1987;91:429-37 (Case rep.)
- Mandible**
Assessment of a method for the prediction of mandibular rotation (Lee et al). 1987;91:395-402
Critical periods in the prenatal morphogenesis of the human lateral pterygoid muscle, the mandibular condyle, the articular disk, and medial articular capsule (Van der Linden et al). 1987;91:22-8
The depth of the mandibular antegonial notch as an indicator of mandibular growth potential (Singer et al). 1987;91:117-24
Lateral pterygoid muscle activity in mandibular retrognathism and response to mandibular advancement surgery (Harper et al). 1987;91:70-6 (Special article)
Periodontal status of mandibular incisors following excessive proclination: a study in adults with surgically treated mandibular prognathism (Årtun and Krogstad). 1987;91:225-32
Relationship of mandibular condylar position to dental occlusion factors in an asymptomatic population (Pullinger et al). 1987;91:200-6
Surgical repositioning of impacted mandibular second molar teeth (Johnson and Quirk). 1987;91:242-51 (Case rep.)
- Maxilla**
Biomechanical effects of maxillary protraction on the craniofacial complex (Hata et al). 1987;91:305-11
Effect of maxillary incisor angulation and inclination on arch length (Hussels and Nanda). 1987;91:233-9
Maxillary expansion: clinical implications (Bishara and Staley). 1987;91:3-14 (Clin. corner)
The maxillary sagittal appliance: a clinical study (Owen). 1987;91:271-85 (Clin. corner)
The nasal airway following maxillary expansion (Warren et al). 1987;91:111-6
Orthopedic/orthodontic treatment of a Class I malocclusion with a Class III skeletal pattern and maxillary deficiency (Bond). 1987;91:429-37 (Case rep.)
Quantitation of maxillary remodeling. Part 1 (Baumrind et al). 1987;91:29-41
Quantitation of maxillary remodeling. Part 2 (Baumrind et al). 1987;91:463-74
Radiographic examination of ectopically erupting maxillary canines (Ericson and Kurol). 1987;91:483-92
Soft-tissue profile changes resulting from retraction of maxillary incisors (Tallass et al). 1987;91:385-94
- Mesh diagram analysis**
Modified use of the Moorrees mesh diagram analysis (Ghafari). 1987;91:574-82
- Mixed dentition**
Mixed dentition treatment case report (Lee and Dugoni). 1987;91:335-41 (Case rep.)
- Molar**
An evaluation of combination second molar extraction and functional appliance therapy (Whitney and Sinclair). 1987;91:183-92
Surgical repositioning of impacted mandibular second molar teeth (Johnson and Quirk). 1987;91:242-51 (Case rep.)
- Moorrees mesh diagram**
Modified use of the Moorrees mesh diagram analysis (Ghafari). 1987;91:574-82

A crisis in orthodontics? (Rubin) 1987;91:508-9 (Guest editorial)
- Overbite**
Correction of deep anterior overbite: a report of three cases (Lewis). 1987;91:342-5 (Case rep.)
- P**
- Pen pal program**
Orthodontics—the write time (Zuravsky). 1987;91:240-1 (Clin. corner)
- Periodontics**
Long-term effect of root proximity on periodontal health after orthodontic treatment (Årtun et al). 1987;91:125-30
Periodontal status of mandibular incisors following excessive proclination: a study in adults with surgically treated mandibular prognathism (Årtun and Krogstad). 1987;91:225-32

Periodontium

Professional prophylaxis and its effect on the periodontium of full-banded orthodontic patients (Huber et al). 1987;91:321-7

Point and counterpoint

Point and counterpoint (Wyatt and Rinchuse). 1987;91:493-506

Posteroanterior cephalometrics

Landmark identification in computerized posteroanterior cephalometrics (El-Mangoury et al). 1987;91:57-61

Practice sale

An alternate practice sale/retirement arrangement (Parker). 1987;91:438-41 (Special article)

Prenatal morphogenesis

Critical periods in the prenatal morphogenesis of the human lateral pterygoid muscle, the mandibular condyle, the articular disk, and medial articular capsule (Van der Linden et al). 1987;91:22-8

Prognathism

Periodontal status of mandibular incisors following excessive proclination: a study in adults with surgically treated mandibular prognathism (Årtun and Krogstad). 1987;91:225-32

Prophylaxis

Professional prophylaxis and its effect on the periodontium of full-banded orthodontic patients (Huber et al). 1987;91:321-7

Pterygoid muscle

Critical periods in the prenatal morphogenesis of the human lateral pterygoid muscle, the mandibular condyle, the articular disk, and medial articular capsule (Van der Linden et al). 1987;91:22-8

Lateral pterygoid muscle activity in mandibular retrognathism and response to mandibular advancement surgery (Harper et al). 1987;91:70-6 (Special article)

Pulsed electromagnetic fields

Effect of pulsed electromagnetic fields on orthodontic tooth movement (Stark and Sinclair). 1987;91:91-104

R

Radiography

Normal radiographic anatomy and common anomalies seen in cephalometric films (Kantor and Norton). 1987;91:414-26 (Rev. article)

Radiographic examination of ectopically erupting maxillary canines (Ericson and Kuroi). 1987;91:483-92

Relapse

Orthodontic relapse, apical root resorption, and crestal alveolar bone levels (Sharpe et al). 1987;91:252-8 (Special article)

Remodeling

Quantitation of maxillary remodeling. Part 1 (Baumrind et al). 1987;91:29-41

Quantitation of maxillary remodeling. Part 2 (Baumrind et al). 1987;91:463-74

Repeated measures analysis

Repeated measures analysis of geometrically constructed and directly determined cephalometric points (Savage et al). 1987;91:295-9

Repositioning

Surgical repositioning of impacted mandibular second molar teeth (Johnson and Quirk). 1987;91:242-51 (Case rep.)

Resins

Bond strengths of lingual orthodontic brackets bonded with light-cured composite resins cured by transillumination (King et al). 1987;91:312-5

Resistance

Location of the centers of resistance for anterior teeth during retraction using the laser reflection technique (Vanden Bulcke et al). 1987;91:375-84

Resorption

Orthodontic relapse, apical root resorption, and crestal alveolar bone levels (Sharpe et al). 1987;91:252-8 (Special article)

Respiration

An improved technique for the simultaneous measurement of nasal and oral respiration (Keall and Vig). 1987;91:207-12

Retirement

An alternate practice sale/retirement arrangement (Parker). 1987;91:438-41 (Special article)

Retrognathism

Lateral pterygoid muscle activity in mandibular retrognathism and response to mandibular advancement surgery (Harper et al). 1987;91:70-6 (Special article)

Review articles

Review articles. 1987;91:403-26

Reviews and abstracts

Reviews and abstracts. 1987;91:83-5; 171-6; 265-6; 354-6; 445-6; 514-21

Root

Long-term effect of root proximity on periodontal health after orthodontic treatment (Årtun et al). 1987;91:125-30

Rotation

Assessment of a method for the prediction of mandibular rotation (Lee et al). 1987;91:395-402

S

Sagittal appliance

The maxillary sagittal appliance: a clinical study (Owen AH). 1987;91:271-85 (Clin. corner)

Saliva substitution

Frictional changes in force values caused by saliva substitution (Baker et al). 1987;91:316-20

Second molar

Surgical repositioning of impacted mandibular second molar teeth (Johnson and Quirk). 1987;91:242-51 (Case rep.)

Self-management

Effects of behavioral self-management on oral hygiene adherence among orthodontic patients (McGlynn et al). 1987;91:15-21

Earl E. Shepard

"Mr. ABO, Dr. Earl E. Shepard—a special tribute." 1987;91:346-7 (ABO)

Single-step bonding system

The reaction of skin to primers used in the single-step bonding system (Altuna and Freeman). 1987;91:105-10

Skeletal pattern

Orthopedic/orthodontic treatment of a Class I malocclusion with a Class III skeletal pattern and maxillary deficiency (Bond). 1987;91:429-37 (Case rep.)

Skin

The reaction of skin to primers used in the single-step bonding system (Altuna and Freeman). 1987;91:105-10

Soft tissue

Soft-tissue profile changes resulting from retraction of maxillary incisors (Tallass et al). 1987;91:385-94

Special articles

Special articles. 1987;91:70-6; 143-51; 252-8; 438-41

Structural changes

Structural changes in the dental and periodontal tissues of the rat

incisor following application of orthodontic loads (Steigman et al). 1987;91:49-56

Surgery

Surgical repositioning of impacted mandibular second molar teeth (Johnson and Quirk). 1987;91:242-51 (Case rep.)

Suture cells

Effect of tensile force magnitude on release of cranial suture cells into S phase (Hickory and Nanda). 1987;91:328-34

T**Temporomandibular joint**

Orthodontic treatment in relation to symptoms attributed to dysfunction of the temporomandibular joint: a 10-year report of the University of Groningen study (Dibbets and van der Weele). 1987;91:193-9

Counterpoint: Preventing adverse effects on the temporomandibular joint through orthodontic treatment (Rinchuse). 1987;91:500-6 (Point and counterpoint)

Preventing adverse effects on the temporomandibular joint through

orthodontic treatment (Wyatt). 1987;91:493-9 (Point and counterpoint)

Tensile force

Effect of tensile force magnitude on release of cranial suture cells into S phase (Hickory and Nanda). 1987;91:328-34

Ties

Effects of brackets and ties on stiffness of an arch wire (Adams et al). 1987;91:131-6

Tooth movement

Effect of pulsed electromagnetic fields on orthodontic tooth movement (Stark and Sinclair). 1987;91:91-104

Transillumination

Bond strengths of lingual orthodontic brackets bonded with light-cured composite resins cured by transillumination (King et al). 1987;91:312-5

W**Wire**

Effects of brackets and ties on stiffness of an arch wire (Adams et al). 1987;91:131-6
